FOR IMMEDIATE RELEASE

Prochem Introduces the Peak GTX

Chandler, AZ – Prochem proudly introduces the Peak GTX. The Peak GTX follows in the footsteps of the Peak by utilizing the same industry proven Kohler engine, Cat pump, and Gardner Denver Tri-lobe blower.

The Peak GTX improvements include;

- 2-inch dual wand or 2-1/2-inch single wand operation on the same machine
- Improved access and easy to remove hoods
- Higher solution temperature
- Superior heat control, keeps components cooler and extends life span
- Redesigned blower/silencer interface that allows easier belt adjustments
- Pulse isolating hose, reduces the vibration from the pump

Contact your local Prochem dealer, or call Prochem at 800-776-2436 for more information.
